- Welding
- Technical
- Cosmetology

Tony G.

*"Thanks for your help in my job search. The computer classes, the resume help, use of the Internet for job searches, the faxing, etc. were all great ways to improve my chances at employment. I've found a permanent job and will be starting in two weeks ...."*

*"How does a person say thank you for a program that has given him a second chance at completing college? I will graduate this summer as a social worker and it is my goal to try and make a difference in the lives of a few people. I have this special opportunity because of God's grace and your program. I certainly would never have been able to afford to finish school on my own...."*

Steve W.

Alice J.

*Thanks for all your help and encouragement. I am so pleased that I was able to enroll in the General Office/ Clerical course. Without this program, I would not have received my present job...."*
